Sandboarding

Memorable Travel

El Fayoum Sandboarding

Spend a day out of the ordinary. Go on a picnic with family and friends, instead of being in a garden or by the beach, head to the desert and roll on the Dunes. Sandboarding is a new recreational sport, yet you can enjoy sandboarding all year long. The sport itself is not developed beyond the recreational phase. Take a lot of fun photos of yourself in the desert .. Ride a 4 wheeler in the desert.. B.B.Q. lunch.. Lit a fire .. Dig a hole .. and even Burn marshmallow.. its a mini desert camping experience. Just run around and get crazy...The trip is helped to show our travelers how to enjoy the desert while leaving it intact.

Sandboarding

In order to enjoy or make better use of our resources, have a blast and get back home taking nothing but pictures and wonderful memories and leaving nothing but only footsteps. It's a Small Safari, just one full day away from the busy sightseeing full of tourists and the resorts, just you, the desert and some recreational sandboarding activity. .
